How the Stimulus Affects Sports Officials

Wednesday, April 15, 2020

4-15-2020- State by state, the impact of the recent CARES Act will affect sports officials differently. It is our ultimate goal to provide you with detailed information from every state on how they are implementing the Act and what it means for you.

To this end, NASO has worked over the past few weeks to research, understand and collect the information specific to the situation sports officials find themselves during this crisis.

The link below provides specific information by state, as best we know it today. Many states have not yet defined how they will implement the CARES Act. You'll see that some states are not listed yet as those resources aren't available yet. Rest assured we will continue our efforts until we can inform every official about their state's plan.
